

To Whom It May Concern:

I, Nichole Vine Alburo, of legal age and a resident of Bogu City, Cebu, am writing this letter to formally explain the absence of my COVID-19 vaccination card. I wish to clarify that I have not received any dose of the COVID-19 vaccine, and therefore, I do not possess a corresponding vaccination record or certificate.

At the time when the COVID-19 vaccination program was being conducted in our area, I was still a minor and required parental consent in order to proceed with the vaccination process. My parents, exercising their parental authority and judgment, chose not to provide consent for me to receive the vaccine. As a result, I was unable to participate in the vaccination schedule organized by our local health authorities.

I understand that vaccination has been an important public health measure during the COVID-19 pandemic, and I respect the policies implemented by the government and health agencies regarding proof of vaccination. However, my personal circumstance was shaped by the lack of required consent at the time, which was beyond my control.

This letter is written truthfully and in good faith to provide a clear and honest explanation for the absence of my COVID-19 vaccination card. Should you require any additional information or clarification regarding this matter, I am willing to provide further details as necessary.

Thank you for your kind understanding.

Sincerely,

Nichole Vine Alburo
